Chimp: IFNy vs VEH − GO:BP
response to other organism
response to external biotic stimulus
response to biotic stimulus
defense response
defense response to virus
response to external stimulus
immune response
defense response to other organism
biological process involved in interspecies interaction between organisms
defense response to symbiont
innate immune response
response to virus
immune system process
negative regulation of viral genome replication
response to bacterium
negative regulation of viral process
adaptive immune response
regulation of viral life cycle
regulation of viral process
positive regulation of immune response
